

COPPER COUNTRY GREAT START COLLABORATIVE

DIRECTOR'S REPORT

Thursday, June 3, 2010

Progress Report and Budget

The Quarterly Progress Report was reviewed for our progress to date. We were very pleased to receive a favorable review. We are meeting or exceeding all contract performance measures. Our funding for next year will be at least partially based on how well we meet our goals and performance objectives. We will receive a contract extension that will operate until December. The extension will allow us to continue working on our goals until the budget is finalized.

Meetings

I have been attending several planning meetings for the Poverty Reduction Initiative. The Initiative is bringing nationally know speaker, Donna Beegle, to the U.P. on September 16th to address key members of our community on how to help reduce poverty and better assist those in need.

I have also been attending the HSCB meetings, the Superior child Abuse Prevention Council meetings, and the U.P. Children's Coalition meetings via conference call.

Technical Assistance

Lisa Temple attended our June meeting and will be attending a committee meeting in August or September.

Fund Development Training

Part 2 of the Fund Development Training was held on June 29th.
